Indoor Vendors:

Welcome to the 2022 Lumby Days Celebration. We're inviting you to join our event and to let you know that we appreciate your participation in our community celebrations. We are also wishing you a positive experience and a chance to expand your business opportunities.

The Vendor spaces will be marked on floor. These are the dimensions that you will decorate the way you see to advertise your product. There will not be tables or chairs provided as the Parent Advisory Committee will not be holding their Silent Auction this year. They were the agency that had the tables. Spaces will be clearly marked for you to set up as you would for your other markets.

You must remain until closing time. This is to prevent theft of items, so we can get the Public removed.

This year we are request that when you apply as a vendor , you disclose all the products that you are wants to sell/display at your space. Eg. Vendor application says: Beauty products, and there are also sewing items, jewellery etc. We will ask that you put the sewing jewellery items away. This is for respect for those who have entered with jewellery and that we don't have too many of the same, even though they could be of different qualities as want all of our vendors to be successful.

Registration: Please note that registering is **mandatory** , that you carry your own **Liability** coverage as Lumby's Days Society does not cover your inventory or the operations of your business activities. As a small business you will or should have the coverage already, eg. attached to your homeowners. Check with your home insurance provider and they will supply you with the documentation to send along with the application. Email a copy of the Vendor Application & Proof of Insurance to: **indoorvendor@gmail.com** and then mail the application along with your payment to :**Lumby Days Society, PO Box 303,Lumby, BC V0E 2G0** or the etransfer option (**shaben100@outlook.com**) , **copy application and payment option should be emailed to indoorvendor@gmail.com**
Once received, you will be emailed a confirmation along with the space assigned for you.

We ask that you are responsible to **bring your own chair/table** They are not supplied. You will need to bring all that you require to set up in the space that you will be provided. While setting up please be respectful of the neighbouring space. I will be on premises most of the time for questions.

We will be adhering to all public safety measures and health orders that are in effect during the event.
